YASIR HASSAN

PROFESSIONAL PROFILE

Passionate and skilled front-end developer with 2 years of experience in building responsive and interactive web applications. Proficient in HTML, CSS, JavaScript, React, and Figma, with a solid understanding of DSA and key programming languages. Adept at creating seamless user interfaces and solving complex design challenges. Looking for opportunities to bring innovative ideas to life and improve user experience through elegant, efficient code.

PROJECTS

- Created a personal portfolio website showcasing projects and integrating an AI chatbot. Utilized HTML, CSS, JavaScript, and React for a clean and modern design. Available at <https://yasirhassan1.github.io/YasirHassanPortfolio/>.
- Designed and developed an interactive **landing page** for a fictional VR platform named 'Hydra', using modern web technologies to ensure performance optimization and cross-browser compatibility.
- Built fully **responsive clones of famous company websites**, demonstrating advanced knowledge of HTML, CSS, JavaScript, and React.
- Developed several **chatbot applications**, integrating custom data with Botpress and utilizing React to create dynamic and user-friendly interfaces.

INTEREST

- Event management and community engagement
- Web design and development
- Public speaking and presentation skills
- Volunteering for social causes

EDUCATION

- **Intermediate in Computer Science.** (Public school and College skardu.
- **3rd Semester (BSCS) at University of Baltistan.**
